## Introduction

Welcome to your Forecast Report

This report shows the astrological trends influencing your life over a period ranging from days to months or years, depending on the time frame used.

The duration of each trend is indicated by a starting date, an ending date and strongest influence date. Further, an influence may begin before the time frame of the report or end beyond it.

The accuracy of the timing of the forecasts is dependent on the accuracy of the birth time. Be prepared to slide the sequence of trends either forwards or backwards in time if necessary. In some instances, there may be interpretations that repeat themselves. This is due to the cyclical and forward and backward motion of the planets activating points on your chart more than once in the period under review.

As you will find, the forecast interpretations can be positive and/or challenging. Their effects can be experienced either directly personally or through events in the lives of others in the environment. Some trends will be more apparent than others, while others may be more subtle. What is most important is how you respond to them.

## Results

### **Before 1 Jul 1981 - Beyond 30 Jun 1982, Transiting Saturn is passing through your 9th House**

For the duration of this transit, you will not be thinking about light and trivial things. Instead, life's bigger questions occupy your mind and demand answers. Your interest in philosophy, religion and mysticism may deepen and strengthen. However, if you've been let down in any of these areas you may abandon them and become cynical. Academically, this can be an excellent time to start a course of study, because you will have the discipline and seriousness of mind to apply yourself.

### **Before 1 Jul 1981 - Beyond 30 Jun 1982, Transiting Neptune is passing through your 1st House**

During this period you will tend to present a somewhat dreamy, mysterious and elusive face to the world. Your imagination and intuition will be acute, and if you have creative ability it will be enhanced now. This transit is favourable for spiritual practices and meditation. Less positively, you could be more susceptible to external influences and exploitation by others. Care is needed with the effects of alcohol and drugs.

### **Before 1 Jul 1981 - 13 July 1981, Transiting Saturn is Square your Natal Mercury**

For the duration of this transit your thinking will tend to be serious, realistic and practical. Your mind is not occupied with light and frivolous matters; instead, important issues need to be addressed. Possibly, you will be inclined to pessimism; certainly, if you have a tendency to worry, you will now. Try to keep a sense of humour and perspective and don't allow yourself to become gloomy. While your prospects may seem restricted now, this is only a temporary state of affairs. Other people may seem unreasonable to you now and, possibly, they may challenge or obstruct your ideas or plans. Travelling during this transit could require more effort, as there is the likelihood of delays or irritations of some sort. The positive side of this transit is that your powers of concentration and your ability to sort out your priorities are stronger than usual.

### **Before 1 Jul 1981 - 18 July 1981, Transiting Neptune is SemiSquare your Natal Neptune**

This can be a spiritually enriching period. You will have an increased interest in spiritual, metaphysical and creative subjects. You could possibly face a "crisis of meaning"; with the ideals you've shaped your life upon going under the microscope for evaluation. As this could be a potentially confusing period, guard against exacerbating any confusion through immoderate drug or alcohol use.

### **Before 1 Jul 1981 - 8 August 1981, Transiting Venus is passing through your 8th House**

This transit can help you cope with any potential loss situations, including financial or emotional. Business opportunities may present themselves now.

### **Before 1 Jul 1981 - 13 August 1981, Transiting Pluto is SemiSquare your Natal Pluto**

You are now at a highly significant juncture in your life, with this period being the initial leg of a personal journey that will see you switch from one phase of life into the next. Transiting Pluto in aspect to its natal position has the effect of bringing major life chapters to close and new ones into being. Change, during Pluto's transit, is unavoidable. The old order is no longer relevant or sustainable. This transit often compels a confrontation with powerful inner or external forces. Internally, you may be aware of some aspect of your life that you need to look at and change. There are no half measures with Pluto; any changes that need to be made now will have an all or nothing quality about them. In practical terms, this transit can force people to look long and hard at their relationships, careers or general lifestyles. If you feel anything is wrong or lacking in your life, it is best to instigate reforms now; else they tend to occur outside of your own control. Acknowledge any pressure you may feel yourself to be under, address its cause and take whatever remedial action is required. Power struggles are not uncommon during this transit.

### **Before 1 Jul 1981 - 16 September 1981, Transiting Pluto is passing through your 9th House**

During this period expect your outlooks on life and your beliefs to undergo radical change and transformation. You could become more passionate about philosophical matters or religion; however you need to guard against fanatical tendencies or becoming infatuated with charismatic spiritual teachers.

### **Before 1 Jul 1981 - 24 October 1981, Transiting Jupiter is passing through your 9th House**

This is one of the best transits for travel or academic work. You will have a strong desire to broaden your horizons and mental focus, so you will probably read, study and travel more now than usual. Philosophical and metaphysical subjects are likely to interest you a great deal during this period. If you have any aspirations to become a published author, you should attempt to have your work ready to show a publisher now.

### **Before 1 Jul 1981 - 13 January 1982, Transiting Uranus is passing through your 11th House**

For the duration of this transit your focus will be on your friends and group activities. Friendships will tend to begin and end suddenly now. You will be attracted to independent and progressively minded people and groups.

### **1 July 1981 - 18 July 1981, strongest around 10 July 1981, Transiting Jupiter is Square your Natal Mercury**

You are motivated now by the urge to expand your outlooks on life and broaden your horizons. You are currently well-aspected for local and international travel or higher education and intellectual work, and success in any of these areas is to be expected, providing you have done the required preparatory work. However, don't expect to pass an exam on the strength of this transit alone; your results will reflect your prior efforts. You will have big plans at this time; just make sure that they are reasonable and realisable. With this transit, there can be a tendency to get so wrapped up with an idea or plan that important details get overlooked or ignored. Therefore, you will benefit from listening to other people's opinions about your ideas, because they can offer constructive criticism and advice. This could be a good time to improve your career prospects, especially in areas related to communication, computing, language, commerce or law.

### **11 July 1981 - 7 August 1981, strongest around 26 July 1981, Transiting Saturn is Trine your Natal Jupiter**

You have the opportunity for careful and sustainable growth in a number of areas of life now. Notably, this can be a good time for expanding a business, applying yourself to intellectual, spiritual or political work, or investing in property or real estate. You have a good balance between caution and optimism, so you are unlikely to over-extend yourself either financially or physically.

### **18 July 1981 - 31 July 1981, strongest around 25 July 1981, Transiting Jupiter is Trine your Natal Jupiter**

Providing your chart is free of other more challenging transits from the "Big Four" - Saturn, Uranus, Neptune or Pluto, this should be a comparatively relaxed and harmonious period for you. And, while there is nothing wrong with taking a break from the same old grind, you will actually benefit from applying yourself to your work or some other activity now, because you will get results without too much effort. Travel, legal, business or financial matters are all well-aspected now. In general, this should be an easy and pleasant period.

### **18 July 1981 - 19 July 1981, strongest around 19 July 1981, Transiting Venus is Conjunct your Natal Uranus**

Expect the unexpected in love or friendship now. You may play the flirt, or be flirted with. A sudden attraction is possible, causing a smile to come to your face.

### **19 July 1981 - 20 July 1981, strongest around 19 July 1981, Transiting Venus is Square your Natal Venus**

Little annoyances could spoil what can be an otherwise pleasant period, if you're not careful. You should try to make every effort to get on with others and not to react to situations or provocations.

**19 July 1981 - 21 July 1981, strongest around 20 July 1981, Transiting Venus is Opposition your Natal Moon**

The only thing that might spoil this period is irritability - your own or another's. There may be friction in the home or family, or with women.

**28 July 1981 - 30 July 1981, strongest around 29 July 1981, Transiting Venus is Conjunct your Natal Pluto**

Passions are intensified over this period and any hidden feelings or problems in love are likely to come out into the open now. Emotional intensity is obvious and you can become fixated on achieving personal desires. Transformation in love is likely. *[Note Diana married Prince Charles today on the 29<sup>th</sup> July.]*

**8 August 1981 - 7 September 1981, Transiting Venus is passing through your 9th House**

Travelling during this transit can be enjoyable and pleasurable. Benefits may come to you from an overseas connection. This can be a good time to get involved in learning or philosophy.

**13 August 1981 - 12 October 1981, strongest around 16 September 1981, Transiting Pluto is Conjunct your Natal Midheaven**

You have a lot riding on this transit, particularly at a professional level and also with regard to your reputation. With respect to the former, this is a time when you will question whether or not you are going anywhere professionally, and if your career is meaningful to you. Pluto at the Midheaven requires that you address the appropriateness of your vocation. To be truly satisfying, your career needs to feel as if it is also your calling. Anything less will seem prosaic and uninspiring. During this transit, which will last for about 2 years, significant changes are to be expected that affect your direction in life. You may leave a job - by choice or otherwise - or your work situation may undergo restructuring. Equally, you could receive acknowledgement in your profession, which could lead to unprecedented opportunities or even a measure of fame. With respect to your reputation, take great care now that you do not over-estimate yourself or your abilities, as this transit can set you up for a dramatic fall. If you are in a position of power, don't abuse it, as you could draw the wrath and resentment of others.

**16 August 1981 - 26 August 1981, strongest around 21 August 1981, Transiting Jupiter is Square your Natal Sun**

During this period your desire for gain, power and advantage is accentuated. You have the urge to improve your position in life. Above all, you want to better yourself and expand your horizons - which you may do through travel, higher education, financial activity or speculation. However, you must take great care to keep a sense of perspective on everything and not to over-estimate yourself or your capabilities. There is a danger that you may take on more than you can comfortably handle and risk getting out of your depth. Also, you could be prone to wastefulness and extravagance now. In extreme circumstances, some people can be prone to

disproportional amounts of arrogance during this transit, and conflicts with authority figures or brushes with the law are not unheard of. This said there are definite opportunities for growth and personal development under this influence.

### **1 September 1981 - 18 September 1981, strongest around 9 September 1981, Transiting Saturn is Square your Natal Sun**

Often under this transit, people feel quite low and weary, as if the weight of the world is upon them. Now, more than at any other time, you will have to put your nose to the grindstone and just get on with it. Money may be tight, work is a labour, and other people seem intent on blocking your progress. Still, you can have successes, but possibly not in ways that you'd expect. There are rewards for sacrifice, patience and perseverance. Over time you will rise to a new position in life, if you are prepared to put in the long hours now and to persevere. The key to success now is to maintain focus, keep a sense reality and, most importantly, plan all of your moves carefully and strategically. Remember your responsibilities, keep a cool head and do not scatter your energies over too many projects. And, whatever your age, watch your general health, but more particularly if you are older. In certain circumstances, estrangements or separations can occur.

### **7 September 1981 - 26 September 1981, Transiting Venus is passing through your 10th House**

During this period your reputation and status in life gets a boost. There are professional opportunities and gains. Influential people, especially women, favour you now.

### **16 September 1981 - Beyond 30 Jun 1982, Transiting Pluto is passing through your 10th House**

During this period you have a real chance at making your mark on the world and gaining a measure of recognition and renown. However, you need to guard against over-estimating yourself or abusing any power you hold now, as there is the risk of hurting your reputation.

### **25 September 1981 - 2 November 1981, strongest around 16 October 1981, Transiting Uranus is Square your Natal Moon's North Node**

The essence of this transit is changing relationships. You can expect to make and break contacts suddenly during this period. Old associations that have run their course are likely to be discarded now and replaced with new contacts that are more relevant to your current lifestyle. You may be attracted to independent, freethinking and original personalities at this time. This transit can also cause or reveal discord in established unions or among family members. You may share in sudden and upsetting experiences with others now.

**26 September 1981 - 11 October 1981, Transiting Venus is passing through your 11th House**

Over this period you spend more time with your friends; participating in social occasions and simply enjoying each other's company. You may connect with an artistic or aesthetically-minded friend now.

**28 September 1981 - 8 October 1981, strongest around 3 October 1981, Transiting Jupiter is Sextile your Natal Ascendant**

This is likely to be a pleasant period in your life with respect to social activity and meeting people. Contacts are made effortlessly and, in some circumstances, new relationships or long-lasting friendships are formed now.

**1 October 1981 - 25 October 1981, strongest around 14 October 1981, Transiting Moon's North Node is Opposition your Natal Saturn**

Difficulties are possible in relationships or through the influence of others, including family members. A proneness to estrangements and separations.

**2 October 1981 - 4 October 1981, strongest around 3 October 1981, Transiting Venus is Square your Natal Uranus**

Anticipate a period of instant attractions, coupled with the tendency to fall in and out of love suddenly. Unstable relationships will be tested now and break ups are possible. Expect the unexpected in love.

**3 October 1981 - 4 October 1981, strongest around 4 October 1981, Transiting Venus is Opposition your Natal Venus**

Little annoyances could spoil what can be an otherwise pleasant period, if you're not careful. You should try to make every effort to get on with others and not to react to situations or provocations.

**3 October 1981 - 5 October 1981, strongest around 4 October 1981, Transiting Venus is Square your Natal Moon**

The only thing that might spoil this period is irritability - your own or another's. There may be friction in the home or family, or with women.

**11 October 1981 - 25 October 1981, Transiting Venus is passing through your 12th House**

Occasional periods of solitude and reflection during this transit can be restful and restorative for you. Compassion for those who are suffering or less fortunate than you comes easily to you now. You can empathise with others.

**13 October 1981 - 15 October 1981, strongest around 14 October 1981, Transiting Venus is Square your Natal Pluto**

At this time there is a strong chance of being drawn to another as if by some kind of hidden force or compulsion, with a very real risk of sexual tension and obsession. Conflicts or power struggles in love are possible.

**18 October 1981 - 18 December 1981, strongest around 21 November 1981, Transiting Neptune is SemiSquare your Natal Neptune**

This can be a spiritually enriching period. You will have an increased interest in spiritual, metaphysical and creative subjects. You could possibly face a "crisis of meaning"; with the ideals you've shaped your life upon going under the microscope for evaluation. As this could be a potentially confusing period, guard against exacerbating any confusion through immoderate drug or alcohol use.

**20 October 1981 - 29 October 1981, strongest around 24 October 1981, Transiting Jupiter is Conjunct your Natal Midheaven**

This is one of the most positive contacts Jupiter will make on its journey around your horoscope. You are reaching a peak of sorts in some sphere of your life - most likely your career or some other area of personal significance. Anticipate professional success of some measure, perhaps even a promotion. This is an excellent time for expanding a business, if you own one, or for seeking new employment. If you are due for any form of acknowledgement, it will come now and in the months following. An increase in your status is highly likely now. On the personal front, you may form a connection with someone special. **[NB. Diana became pregnant about now.]**

**21 October 1981 - 30 October 1981, strongest around 26 October 1981, Transiting Jupiter is Sextile your Natal Uranus**

This is an excellent transit for making positive changes in your life and the lives of those around you. Your mind is open to the idea of experimentation and discovery; consequently you could travel, start a new course of study or rally support for a cause. You could use this period for learning something new, such as a foreign language or a useful skill. Your powers of comprehension are accentuated now, enabling you to understand things more quickly than usual.

**24 October 1981 - Beyond 30 Jun 1982, Transiting Jupiter is passing through your 10th House**

During this phase your attention will be focused on your career and public reputation. This can be a period of great success in the aforementioned areas, but it will equate to the amount of energy you put into them. Expect to advance in life now and to receive acknowledgement and recognition for your efforts. Your work may become more international in some way at this time.

### **25 October 1981 - 8 December 1981, Transiting Venus is passing through your 1st House**

At this time you may wish to enhance your appearance in some way. This can be a good time for acquiring new clothes, cosmetics, or for changing your hairstyle etc. You relate well to people now and are more outgoing socially.

### **29 October 1981 - 7 November 1981, strongest around 3 November 1981, Transiting Jupiter is Trine your Natal Moon**

The general effects of this transit are unlikely to produce much in the way of concrete events, but you are likely to have a general feeling of well-being during its passage. Perhaps the best way to get the most out of it is to use the period for improving family relations, doing up your home, or travelling. Business activity should be relatively free of problems, providing there aren't other more powerful transits from the stronger planets to contend with. Women can be beneficial in your life at present.

### **11 November 1981 - 21 November 1981, strongest around 16 November 1981, Transiting Jupiter is Square your Natal Saturn**

This is one of the more testing transits of Jupiter, but it is by no means unmanageable. Advancement in life at this time seems slow or cumbersome, and everything you want to achieve appears to take a lot more effort than usual. Any progress you make comes at a price and it will probably feel that life is moving along at the rate of three steps forward and two steps back. Also, there can be temporary setbacks and possible financial constraints or worries. At an inner level, you are likely to feel discontented, for no apparent reason, and your self-confidence may be temporarily dented. However, as you will discover, this state of affairs will not last for long. The best way for you to deal with things now is with patience and to persevere in your endeavours. Professionally, if your work is unsatisfying, you may decide to change jobs, but only take such a step if you have something better to go to. Buying and selling property is often successful with this transit, providing you don't over-extend yourself financially.

### **13 November 1981 - 22 November 1981, strongest around 18 November 1981, Transiting Jupiter is Sextile your Natal Moon's North Node**

Relationships and group activities seem to be relatively free of conflict or discord during this period. You find it easy to get along with others now and any new contacts established at this time are likely to have beneficial outcomes.

### **13 November 1981 - 3 December 1981, strongest around 23 November 1981, Transiting Saturn is Sextile your Natal Ascendant**

This can be a very good time for improving your relationships with people across the full spectrum of your life - including family, friends, acquaintances and professional contacts. You have a lot of patience with other people now and nothing is too much for you where others are concerned. Older and mature people are beneficial to you now and you can learn a lot from them.

**22 November 1981 - 12 February 1982, strongest around 8 December 1981, Transiting Moon's North Node is Square your Natal Midheaven**

During this period you have the possibility to form contacts with others who share similar outlooks and beliefs. There may be the opportunity to make an inner connection with another.

**26 November 1981 - 31 December 1981, strongest around 13 December 1981, Transiting Uranus is Square your Natal Mars**

"Fore-warned is fore-armed" is a frequently quoted phrase among people interested in astrology and, to an extent, this pairing of planets can be a testament to its meaning. Without a doubt this can be a difficult transit because it has the potential for explosive and volatile emotional or physical reactions, either by you or others. However, the types of experiences it can bring depend on the sort of personality that you are. If you are an essentially calm and composed person you will probably only experience periods of becoming irritated and impatient with others, but not to such a degree that you're likely to blow your stack or "lose it". However, if you have a reputation for reactionary and aggressive behaviour, you are more likely to experience altercations or physical attacks and accidents. If you misuse this energy, you run the risk of causing mishap or injury to either yourself or others. When all is said and done, the best way to counteract the destructive side of this combination is to be as circumspect as possible and to slow down when you feel yourself getting worked up or angry. In special circumstances, this transit can signify a need for surgery, but other factors need to be present to support such an event.

**30 November 1981 - 11 December 1981, strongest around 5 December 1981, Transiting Jupiter is Sextile your Natal Mars**

"Successful action" is the main feature of this transit. However, because it is a "soft" aspect you need to motivate yourself and act with a sense of purpose, if you want to experience its benefits. This is an excellent period for business matters, negotiations and for starting new projects, providing there aren't other more powerful transits from the stronger planets to contend with also. Your sense of timing is very good now and, as luck will seem to have it, you will probably conveniently find yourself in the right place at the right time. Relations with others can improve now and disputes can be sorted out.

**4 December 1981 - 15 December 1981, strongest around 9 December 1981, Transiting Jupiter is Opposition your Natal Sun/Moon**

High expectations. An essentially positive outlook. Optimism, confidence and resilience. Fruitful and advantageous connections. Mutually satisfying relationships.

**8 December 1981 - 23 January 1982, Transiting Venus is passing through your 2nd House**

Your financial situation is likely to improve in some small way during this transit. Alternatively, you may go on a minor shopping spree for pleasure. If you can afford it, this can be a good time for acquiring luxury items.

**8 December 1981 - 20 December 1981, strongest around 14 December 1981, Transiting Jupiter is Trine your Natal Mercury**

Unless other factors - such as Saturn transits occurring now - are affecting your chart, this should prove to be quite a good period for you. Your thinking will be positive and optimistic. It is an excellent time for making long-term plans and decisions. Business matters should go well, because your ability to negotiate with others is easier now than at other times. Also, buying and selling, in any capacity, are well-aspected. Short trips or long-distance travel tend to be relatively free of difficulties and international contacts can be successfully established. It is also an excellent time to smooth over any communication difficulties you may have with others. This could be a good time to change jobs or apply for a new job, especially in areas related to communication, computing, language, commerce or law.

**19 December 1981 - 1 January 1982, strongest around 25 December 1981, Transiting Jupiter is Square your Natal Jupiter**

During this period, you will tend to view life more positively and optimistically than usual. Expect your understanding of the world to broaden - this may be experienced through such things as long-distance travel, higher education, or simply by being more outreaching and embracing of life and others. However, there is a need to caution against extending your scope of activity beyond what you can reasonably manage - or of losing your sense of proportion and perspective. At its best, this transit brings the rewards of hard work commensurate to the amount of energy you put in. But if you simply sit around enjoying the feelings of well-being it induces, you will have little to show for it after it passes. While this can be a financially prosperous time, you would do well to guard against wasteful or extravagant tendencies. Also, it is not uncommon for some people to get a superiority complex during this transit and end up arguing with others, especially over matters of outlook or philosophy.

**25 December 1981 - 8 January 1982, strongest around 31 December 1981, Transiting Jupiter is Sextile your Natal Pluto**

This is the "positive use of power" transit. You may find yourself, at this time, demonstrating that you have what it takes to encourage people to follow your lead. And they will, providing your intentions are for the common good. The secret to getting things done together with others is for you to lead by example, yet to remain one of the guys. However, should you set yourself apart from others, you will only end up feeling alienated. A person that you respect or who holds power may take a shine to you at this time.

**12 January 1982 - 3 February 1982, strongest around 21 January 1982, Transiting Jupiter is Conjunct your Natal Neptune**

At this time, you are especially susceptible to external influences and prone to seduction. You are at risk from viewing life and others through "rose-tinted glasses". Take particular care with "sure bets" and "get-rich-quick schemes", because there is a very real danger now that your ability to make financial judgements is seriously impaired. Also, should this transit coincide with a medical concern, you could benefit from obtaining a second opinion. Positively, your inner and spiritual life is enhanced

now; more so than at just about any other time. You have a great wealth of feeling and compassion, coupled with a deep and sincere desire to look after or help those in need. Your interest in metaphysical subjects is likely to grow now and you may experience unusual insights. If you are in any way musical, artistic or creative, you can expect your powers of inspiration and imagination to get a boost now. Travel under this influence is usually beneficial.

### **13 January 1982 - 7 May 1982, Transiting Uranus is passing through your 12th House**

For the duration of this transit you will probably feel that you are different from others and that they don't fully understand you. You may be inclined to suddenly go into hiding or seclusion. Sometimes with this transit secrets can suddenly be exposed.

### **16 January 1982 - 15 February 1982, Transiting Saturn is Conjunct your Natal Midheaven**

This is the beginning of one of the most significant periods in your life, which will last for the next few years. If you have worked hard over the years and not compromised your own standards - especially in your professional endeavours - this will be a time of high achievement. You will enjoy the acknowledgement of your peers and possess the knowledge that your efforts are making a difference. However, this is not a time for you to think to yourself: "I've arrived; now I can put my feet up and relax". Instead, you will be expected to shoulder more responsibility than ever before. For your own growth and self-respect, you must accept it because the personal rewards will be greater than you can imagine. If, however, you avoid assuming responsibility now, you will never know what your real potential is, and you will have to wait almost 30 years before a similar opportunity comes around.

### **22 January 1982 - 29 March 1982, strongest around 3 February 1982 and 16 March 1982, Transiting Jupiter is Trine your Natal Sun**

Providing your chart is free of other more challenging transits from the "Big Four" - Saturn, Uranus, Neptune or Pluto, this should be a comparatively relaxed and harmonious period for you. Whatever you want to achieve at this time you will. However, your successes now are equivalent to the efforts you put in. A problem is that you may be inclined to just kick back and enjoy the feeling of contentment associated with this transit. Travel, business or financial matters can all be beneficial now, if other factors support these. Also, you are presently well-aspected for making contacts with people who can help you socially or professionally.

### **23 January 1982 - 2 March 1982, Transiting Venus is passing through your 1st House**

At this time you may wish to enhance your appearance in some way. This can be a good time for acquiring new clothes, cosmetics, or for changing your hairstyle etc. You relate well to people now and are more outgoing socially.

### **2 March 1982 - 23 April 1982, Transiting Venus is passing through your 2nd House**

Your financial situation is likely to improve in some small way during this transit. Alternatively, you may go on a minor shopping spree for pleasure. If you can afford it, this can be a good time for acquiring luxury items.

### **17 March 1982 - 8 April 1982, strongest around 29 March 1982, Transiting Jupiter is Conjunct your Natal Neptune**

At this time, you are especially susceptible to external influences and prone to seduction. You are at risk from viewing life and others through "rose-tinted glasses". Take particular care with "sure bets" and "get-rich-quick schemes", because there is a very real danger now that your ability to make financial judgements is seriously impaired. Also, should this transit coincide with a medical concern, you could benefit from obtaining a second opinion. Positively, your inner and spiritual life is enhanced now; more so than at just about any other time. **11 April 1982 - 13 April 1982, strongest around 12 April 1982, Transiting Venus is Opposition your Natal Pluto**

**13 April 1982 - 29 April 1982, strongest around 21 April 1982, Transiting Jupiter is Sextile your Natal Pluto**

This is the "positive use of power" transit. You may find yourself, at this time, demonstrating that you have what it takes to encourage people to follow your lead. And they will, providing your intentions are for the common good. The secret to getting things done together with others is for you to lead by example, yet to remain one of the guys. However, should you set yourself apart from others, you will only end up feeling alienated. A person that you respect or who holds power may take a shine to you at this time.

**21 April 1982 - 6 May 1982, strongest around 28 April 1982, Transiting Jupiter is Square your Natal Jupiter**

During this period, you will tend to view life more positively and optimistically than usual. Expect your understanding of the world to broaden - this may be experienced through such things as long-distance travel, higher education, or simply by being more outreaching and embracing of life and others. However, there is a need to caution against extending your scope of activity beyond what you can reasonably manage - or of losing your sense of proportion and perspective. At its best, this transit brings the rewards of hard work commensurate to the amount of energy you put in. But if you simply sit around enjoying the feelings of well-being it induces, you will have little to show for it after it passes. While this can be a financially prosperous time, you would do well to guard against wasteful or extravagant tendencies. Also, it is not uncommon for some people to get a superiority complex during this transit and end up arguing with others, especially over matters of outlook or philosophy.

**23 April 1982 - 24 May 1982, Transiting Venus is passing through your 3rd House**

In general, relations with your relatives and neighbours should be good now. If there are issues to sort out with either of them, this is a good time to build bridges. Your mind is inclined towards harmony and beauty, or love and art.

**5 May 1982 - 23 May 1982, strongest around 14 May 1982, Transiting Jupiter is Trine your Natal Mercury**

Unless other factors - such as Saturn transits occurring now - are affecting your chart, this should prove to be quite a good period for you. Your thinking will be

positive and optimistic. It is an excellent time for making long-term plans and decisions. Business matters should go well, because your ability to negotiate with others is easier now than at other times. Also, buying and selling, in any capacity, are well-aspected. Short trips or long-distance travel tend to be relatively free of difficulties and international contacts can be successfully established. It is also an excellent time to smooth over any communication difficulties you may have with others. This could be a good time to change jobs or apply for a new job, especially in areas related to communication, computing, language, commerce or law.

### **19 May 1982 - 15 June 1982, strongest around 30 May 1982, Transiting Jupiter is Sextile your Natal Mars**

"Successful action" is the main feature of this transit. However, because it is a "soft" aspect you need to motivate yourself and act with a sense of purpose, if you want to experience its benefits. This is an excellent period for business matters, negotiations and for starting new projects, providing there aren't other more powerful transits from the stronger planets to contend with also. Your sense of timing is very good now and, as luck will seem to have it, you will probably conveniently find yourself in the right place at the right time. Relations with others can improve now and disputes can be sorted out.

### **23 May 1982 - Beyond 30 Jun 1982, strongest around 17 June 1982, Transiting Uranus is Square your Natal Mars**

"Fore-warned is fore-armed" is a frequently quoted phrase among people interested in astrology and, to an extent, this pairing of planets can be a testament to its meaning. Without a doubt this can be a difficult transit because it has the potential for explosive and volatile emotional or physical reactions, either by you or others. However, the types of experiences it can bring depend on the sort of personality that you are. If you are an essentially calm and composed person you will probably only experience periods of becoming irritated and impatient with others, but not to such a degree that you're likely to blow your stack or "lose it". However, if you have a reputation for reactionary and aggressive behaviour, you are more likely to experience altercations or physical attacks and accidents. If you misuse this energy, you run the risk of causing mishap or injury to either yourself or others. When all is said and done, the best way to counteract the destructive side of this combination is

to be as circumspect as possible and to slow down when you feel yourself getting worked up or angry. In special circumstances, this transit can signify a need for surgery, but other factors need to be present to support such an event.

### **24 May 1982 - 13 June 1982, Transiting Venus is passing through your 4th House**
