

Janus 4.3 Installation Instructions from Download

Installing Janus 4.3 on Windows 95, 98, 2000, ME & XP

1. Open Windows Explorer (Go Start > Programs > Accessories > Windows Explorer).
2. Select the folder you have downloaded the file into.
3. Double click on the file InstallJanus4P3.exe to start the installation.
4. Follow the instructions on your screen.
5. Click Setup to continue, or Cancel to terminate installation.
6. The installation files will self-extract and the Janus 4.3 Setup will automatically start.
7. The next message recommends that you close any running applications/programs, if you have not already done so.
8. Click OK to continue or Exit Setup to terminate installation.
9. Read the License Agreement and click Accept to continue or Disagree to terminate the installation.
10. The next message gives you the option of changing the drive and path to where the program should be installed. The default directory is: c:\Program Files\Janus4.
11. Click the big button to continue.
12. The program Janus4.exe and its associated support files will be copied to your computer's hard drive.
13. The next message will advise you that Setup was completed successfully.
14. Click the OK button.
15. Close Windows Explorer.
16. **You now need to install the Janus truetype fonts.**
 - i. From your desktop, go Start, Settings, Control Panel.
 - ii. Double-click the Fonts icon to open the Fonts Window.
 - iii. Select File, Install New Font to open the Add Fonts Window.
 - iv. Select c:\windows\fonts in the Folders list box.
Tip: Scroll down the list of folders in c:\windows and double-click the Fonts folder. If the Fonts list box does not fill with a list of fonts, close the Add Fonts Window and re-open it.
 - v. Multi-Select (Shift key + left mouse) **JanusAasp, JanusAmix, JanusAsym** and **JanusAtxt** truetype fonts in the list of fonts and click OK.
Windows may display the message that the font is already installed. Just click OK to this message.
 - vi. Close Install New Font and the Fonts Window, and the Control Panel Window.
17. Janus 4.3 is now ready to use.
18. To start Janus 4.3, go Start, Programs and click Janus 4.
